### **The Five Finger Test for a JUST RIGHT Book**

1. Open the book to the middle and choose a full page of text to read.
2. Put one finger up for every word you cannot pronounce or do not know.
3. If you put four or five fingers up on one page, the book is too difficult to read independently, and you will need help.
4. If you have three fingers up, then you might have trouble with it, and might find yourself frustrated.
5. If you have two fingers up, read carefully and get help when you need it. This will be a good learning book for you.
6. If you have one or no fingers up this is your JUST RIGHT book.

## Summer Reading Entering Grade 3

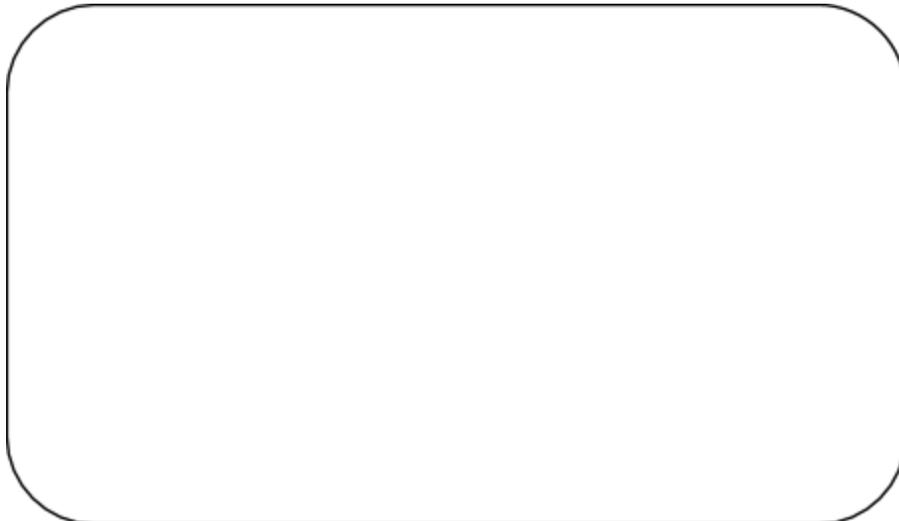

Brooklyn Elementary

Dear Parents and Families,

We are asking students to participate in shared and independent reading over the summer. Students can track these titles and take part in the Governor’s Summer Reading Challenge.

“Many students get behind on their reading skills over the summer. This is called summer reading loss. Summer reading loss is caused, not surprisingly, by students not reading enough over the summer. Research shows that children need to read as few as six books each summer to prevent summer reading loss. The reading achievement of students who do not read at all over the summer can decline by up to three months. This means that these students are beginning the next school year way behind.”
